## **Enrollment tops 6 million!**

Today, HHS announced that through December 17, about **6 million** people signed up for Marketplace coverage in states that use HealthCare.gov. Of these, 2.4 million were new Marketplace customers, more than a third more than we signed up ahead of the first deadline last year.

Secretary Burwell released the statement below, which can be found here:

## **DCF Update**

In accordance with the guidelines on the My Account Signature page, Partner View monitoring will be completed for December 2015. A list of cases will be sent in an Encrypted file to each organization which will represent 10% of the views from September 2015 through November 2015. Copies of the partner view releases will need to be provided for each view.

Also, as part of the guidelines on the My Account signature page, the Security and HIPAA training needs to be completed annually. The following is the link to the training- <http://www.myflfamilies.com/general-information/dcf-training>. Please provide copies of the certificates for all your users in your agency. The DCF trainings are updated every July at the start of the fiscal year.
